## DEMOCRATIC

### CANDIDATE HERE

**E. J. McDermott Speaks To Large Audience In Cloverport Last Tuesday Night--Makes A Graceful Speech, Full Of Facts And Advice For Both Young And Old Voters.**

### MANY WOMEN PRESENT

Just like playing blindfold to vote for a man you have never seen and the Democratic voters of Cloverport had the handkerchief taken off their eyes last Tuesday night when Mr. E. J. McDermott, Democratic candidate for Lieutenant Governor, spoke to them in this city. His speech was like a big basket of fruit and he handed out some pieces that were both good for Democrats and Republicans. He explained what it meant to vote and the who does not vote one way or the other doesn't know how to appreciate his opportunity. A man cannot fully appreciate his eyes until he has lost his eyesight and a voter cannot understand what suffrage means to him until he has lost his vote. He went on to state that a man should think more about the matter of voting, study the candidates, the platform, and then vote.

Mr. McDermott had a good deal to say of O'Rear. He spoke of him highly in a personal way, but made it plain he did not like O'Rear's way in many things. He said that O'Rear reminded him of a cook a hardstone friend of his had once who stole some rabbits. The cook heard that the lady of the house had been told that she had stole a steak and tried to straighten up the matter with her. "Miss Thompson," said the cook, "You know me didn't steal your steak." Mrs. Thompson answered, "Betty you know you did steal those rabbits." "Well, Miss Thompson," said the darkey, "Me don't intend to discuss rabbits with you." He said O'Rear would discuss anything but the real thing.

Mr. McDermott was the guest of Mr. and Mrs. D. H. Severs. He left Wednesday morning and many Cloverport citizens had the pleasure of meeting him.

### Brown Hardin

The wedding of Miss Mabel Brown and Mr. Virgil K. Hardin was solemnized at the home of the bride near Brandenburg on the afternoon of the eleventh of October at three o'clock. The Rev. J. J. Willett, of Hardinsburg performed the ceremony.

Mr. Hardin is a well-known and prosperous young farmer of Breckenridge county, while the bride is the daughter of Mrs. B. F. Brown. She is unsurpassed in every attribute that goes to make up lovely womanhood, and she leaves a host of friends in Meade county whose hearts go with her to her new home and new life, wishing her health, happiness and prosperity.—Meade County Messenger.

## BEAUTIFUL WEDDING

**Miss Anne Sterett Jarboe, of this City and Mr. LeRoy Ramp, of Kansas City, Married Last Wednesday.**

The wedding of Miss Anne Sterett Jarboe and Mr. LeRoy Ramp was solemnized Wednesday afternoon at 3 o'clock at the home of the bride's parents, Mr. and Mrs. John Crawford Jarboe. The Rev. Mr. James T. Lewis, pastor of the Fordville Baptist church, performed the ceremony.

The only attendants were the ribbon bearers, Miss Eva Bell Plank and Miss Katharine Moorman. Mr. John Felix Jarboe and Mr. Sterett Jarboe. Miss Plank wore a pink gown and Miss Moorman wore a pale yellow chiffon.

The ceremony took place in the large front parlor before a beautiful altar of pink and white cosmos. The fire place was decorated in pink cosmos and green foliage with pink lights shining through the flowers. A beautiful wedding bell of pink dahlias hung from the center of the ceiling. Green foliage was festooned over the square piano and book-case, lighted with pink and green candles. From the stairway in

the front hall hung a fringe of green foliage and the decorations were carried out in green and pink in the back parlor, where Miss Rebecca Willis and Mrs. Proctor Keith rendered a sweet musical program.

The bride, who entered on the arm of the groom, was in a lovely gown of white material, made V shape and slightly empire. The waist line was finished in the back with a broad sash which extended to the bottom of her dress. Her hair dress was a simple, girlish head band of white velvet. She carried an arm bouquet of bride's roses, which she divided among the Girls Club.

Refreshments of ices in hearts with cake were served. Mrs. Fred Fraize assisted the family in receiving the guests during the reception.

Mr. and Mrs. Ramp left on the afternoon train for Chicago and a trip east. They will be at home in Kansas City sometime in November.

### Announcements Received

Friends in this city have received the following announcement:

Mr. and Mrs. Samuel Taylor Whitmarsh announce the marriage of their daughter Adela to Mr. Wallace Duncan Pierce on Tuesday, October seventeenth, nineteen hundred and eleven, Louisville, Kentucky.

Mr. and Mrs. Pierce will be at home after November the first at "Linda Vista," Rome, Ind.

## LEAVE CLOVERPORT

**Mr. and Mrs. Hardaway Will Go To Bewleyville To Make Their Home. Mr. Larkin Gibson Takes Charge Of Oil Office.**

Deep regret will fall over a large circle of friends when they learn that Mr. and Mrs. W. G. Hardaway and their daughter, Miss Aliene Hardaway, and son, William Glen, leave this week for Bewleyville.

Mr. Hardaway represented the Standard Oil Company in this city for more than a year and Monday turned it over to Mr. Larkin Gibson. He also sold his team and wagon to Mr. Gibson for \$600. The change was made on account of an offer made Mr. Hardaway by his brothers and father, who have given him complete charge of the Hardaway home and farm, near Bewleyville. Mr. Pierce Hardaway, who has been manager of the farm, leaves this week for North Dakota.

The Hardaway family will be greatly missed in Cloverport for they took an active interest in every good movement for the town and have made many warm friendships here. Miss Hardaway was pianist of the Methodist Sunday school and Fourth Vice President of the Epworth League. She will enter a well-known Kentucky College the first of November.

### Not A Candidate

I am not any longer a candidate for Representative—on Prohibition ticket—owing to an accident to my petition while I was in Louisville attending the Sunday-School convention. W. L. Macey sent the petition to the Clerk's office by Willie Basham who claims he lost it between W. L. Macey's and Hardinsburg. Said petition had enough signers to allow my name to appear. After consulting Judge Mercer and J. Haswell, Jr., in regard to transferring the name to another petition, they say it cannot be legally done; so my name will not appear on the ballot, as I desired, this being the last day of grace. I want to thank my many friends for their kindness toward me.

C. L. Bruington, Oct. 23, 1911.

### Keeping The Dollars At Home.

Ten years ago a Farmer put his initials on a Dollar Bill. The next day he went to the nearest town and spent it with a Merchant. Before the year was out he got the Dollar Bill back. Four times in six years the Dollar came back to him for Produce, and three times he heard of it in the pockets of his Neighbors. The last time he got it back was four years ago. He sent it to a Retail Mail Order House. He has never seen that Dollar since, nor never will. That Dollar will never pay any more school or Road Tax for him, will not build or brighten any of the Homes of the Community. He sent it entirely out of the circle of usefulness to himself and his neighbors.

## CLOVERPORT POSTAL SAVINGS BANK

**Will Be Opened Monday, November 6. Save Your Dimes And Uncle Sam Will Take Care Of Them. No Taxes Have To Be Paid. Two Per Cent Interest Given**

### METHOD SIMPLE AND SAFE

The post-office is already the most popular place in the town and will have another attraction added to it Monday, November 6, when the Postal Savings Bank will be opened.

The best thing about putting your money in Uncle Sam's bank is you don't have to pay taxes. You get two per cent interest if you keep your money in the postal bank for a year. If you draw your money out before the end of twelve months, you lose your interest.

The system is simple. You can begin with a dime or a dollar. Buy a card for ten cents and every time you have a dime to save, buy a stamp and when you will have bought nine stamps you get a dollar certificate. A child can understand Uncle Sam's banking methods and it will, no doubt, prove profitable for the children as well as convenient for grown folks.

The Postal Savings Bank means more work, but no more salary for postmaster Oelze, however he seems to be pleased with the idea of being made a bank cashier for the U. S. Government.

### Coffee War On.

New York, Oct. 19.—Today's coffee market opened with No. 7 Rio at 16c, the highest price since 18 cents, the year of the coffee famine in Brazil.

This high record comes when the coffee supply is 30,000,000 pounds greater than last year, when the stock coffee was 8c per pound in the New York markets.

Twenty-five principal importers to day reached an informal agreement to organize to fight the coffee trust, which is responsible for this high rate.

### Friends Delighted.

The friends of Mrs. Sam Bishoff are certainly glad to know that she is recovering rapidly from a critical operation.

## FINE MEETING

**At Brandenburg--Fourth Congressional Teachers' Association Convene There Saturday--Nearly Two Hundred Present.**

The Fourth Congressional Teachers' Association met at Brandenburg Friday of last week for a two days session with an enrollment of one hundred and ninety-eight, which is within five of the high water mark of its sixteen years existence. All of Meade county's teachers were present, seventy six attended from Hardin. Breckenridge was third in point of numbers, with forty-eight teachers present.

At the close of the session Supt. Andrew Driskell was elected President for the ensuing year. J. J. Paul, of Leitchfield, 1st and J. B. Johns, of Brandenburg, 2nd vice president. Miss Virginia Morgan, of Elizabethtown was re-elected Secretary and Treasurer. The next meeting will be held at Leitchfield. Our teachers who attended were: Roy McCoy, C. A. Tanner, Andrew Driskell, Bessie Brown, M. A. Vessels, J. R. Meador, R. V. Maxey, Nora Henderson, Carrie Harrison, Jettie Harrison, W. M. Ditto, Pearl Mays, Kline Robertson, L. F. Carville, Simon Roland, James McGovern, Alice Waggoner, Marguerite Sherron, Mary Beunett, Logan Hickerson, Coleman Payne, Dugan Severs, Rufus McCoy, Mrs. H. A. Ater, Joel H. T. Wallis, D. C. Wallis, Horace McCoy, H. A. Ater.

## NARROWLY ESCAPED DEATH MONDAY

**Head on Collision Happens Near Owensboro--Two Engines Badly Damaged--Ridgeway And Sawyer Engineers.**

### FIREMAN NOBLE INJURED.

The alleged disregard of orders and failure to respect train schedules is assigned as the cause for the wreck of fast train No. 166 and Extra No. 1, near the western limits of the city, when the two trains came together in a head-on collision at 7:08 Monday morning. The two engines were so badly damaged that they will have to be wholly rebuilt, while both of the tenders were completely wrecked, as was also a car of cotton seed meal that was consigned to the American Milling Company, of this city. The only person injured was fireman Noble, of the fast freight, who sustained several cuts on his face, when he jumped to the ground, after seeing that a collision was inevitable.

### A Through Freight.

No. 166, a through freight, was in charge of Conductor Beatty and Engineman Ridgeway and was due at Conway, the long siding at the Owensboro Sewer Pipe Company, at 7:16. The work extra, which was taking a load of ballast to be used at the Rock Springs trestle, was on the main line at the time that the freight was supposed to have the right of way. The extra was in charge of Conductor Dorris and Engineman Sawyer.

The two trains met on the long curve south of Fifth street road and when the two enginemen saw the other train approaching, each attempted to reverse his engine, but they were then so close together that the collision could not be avoided. The work train is said to have been brought to a complete stop, but the freight, being a heavier train and the fog of the night having made the rails very slippery, it was impossible to stop. The engineman and fireman on both trains jumped to safety on seeing that the wreck could not be averted.

Immediately after the accident a wrecker was started from the shops at Cloverport, reaching here at 9:45, but it was late in the afternoon before the line was opened for traffic and even then the trains were unable to run to their scheduled time.

The passengers on the 8:35 east bound train that were coming to Owensboro were transferred to the street car on the Fern Hills line and were brought on into the city, while the west bound accommodation and the noon train were held in the Owensboro yard until the line was cleared up. The train due at 8:35 a. m. reached here at 12:18 p. m., and proceeded to Louisville. The noon west bound train was not delayed many minutes.—Owensboro Messenger.

**Louis Mann At Macauley's This Week.**

Louis Mann, the well-known character comedian, will present his latest successful play, "Elevating a Husband", at Macauley's Theatre, Louisville, all this week, beginning Monday night. The play is by Clara Lipman and Samuel Shipman. Miss Lipman is Mrs. Mann in private life and has won distinction both as a playwright and as an actress. One of her notable plays is "Julie Bon Bon", in which she and Mr. Mann jointly starred. The theme of that play was temperance French. "Elevating a Husband" is an American story, with its scenes laid in New York. In many of his successes, notably "The Man Who Stood Still" and "The Cheater", Mr. Mann utilized a German dialect, of which he is a master. In his new play, he eliminates the pronounced dialect and gives an entirely new characterization. The role he plays is that of a young New Yorker, with no conception of the worth of books or paintings beyond their counter value, but gifted with a keen business acumen that makes him successful in trade, who marries a young woman of "culture" and social ambitions.

### A Little Lesson In Trusts.

Herbert Knox Smith, commissioner of corporations has been delving into the history of the tobacco trust. Here are some of his findings:  
In 1890 the trust had \$25,000,000 "capital." In 1908 this "capital" had grown to \$316,000,000.

## CALL FOR GREATER KENTUCKY

**Convention To Be Held In Louisville Tuesday and Wednesday, November 14 and 15--All County Judges And Mayors Of Cities Invited**

### LIVE-WIRE CITIZENS WANTED

So many questions of vital importance to the future of Kentucky are pressing upon the people of the State for discussion and wise solution that it seems important again to call together in conference representative men from all parts of the State to consider present conditions and desire reforms and feasible methods of advancing the prosperity of the State. Such conferences heretofore held have resulted in great good, developing a better understanding of the needs of the state and a closer co-operation among its progressive citizens and promoting a clearer understanding of what can be done and how best to do it.

In this spirit such a State conference is called by the two State-wide organizations which we represent to be held in Louisville, Tuesday and Wednesday, November 14 and 15. The subjects to be discussed will cover the fields of Kentucky's needs. It is desired to have in attendance the live, public spirited men of every county and city.

At our request the Louisville Convention and Publicity League will make all arrangements for the entertainment of the convention. We are asking all County Judges, Mayors of cities and commercial and agricultural organizations to appoint a number of delegates, not less than five each, whose interest can be counted on, and whose advice will be valuable.—Geo. W. Cox, of Owensboro, President Federation of Commercial Clubs; J. W. Porter, of Lexington, President State Development Association.

## Went To School Here Forty Years Ago

Dear Mr. Babbage: I told you a year ago if I could raise a dollar, I would take the paper again, so here it is. I am still stamping around here in Wyoming.

Yours respectfully,  
H. T. Carlton,  
Lovell, Wyo., Oct. 19, 1911.  
P. S. I guess you remember when brother John and I went to school at Cloverport 41 years ago. John lives here in Lovell.

A Box Supper will be given Thursday night, October 26, at Mt. Nebo school house. Everybody cordially invited. Proceeds go for benefit of library.—Noah Hoskinson, teacher.

## C. H. S. NOTES

**Prof. McCoy Trying To Banish Chewing Gum From High School Students--Wax Getting To Be A Nuisance**

The exercises Thursday morning, (Oct. 18) at the High School were very interesting. At the beginning of the exercises a hymn was sung, after which Mary Benton favored the teachers and pupils with a piano solo—"Thoughts of Thee." Prof. Tanner made some splendid remarks about the need of being at school every day.

Prof. McCoy, who is trying manfully to banish chewing gum, made a "nice little speech," with some impressive points on this question. No visitors were present. Prof. Tanner cordially invites the parents and friends of the children to be present on Tuesday and Thursday of each week which are exercise mornings.—C. H. S. student.

### Fine Boy.

## BIG BURGEO AT LEXINGTON

**Burley Tobacco Society Makes Arrangements For Great Feasting And Speaking Tomorrow--Noted Orators To Talk Of The Weed**

### OUR GROWERS MUST GO

Burgoo and Burley tobacco go mighty well together and there will be plenty of both at Lexington on October 27. The Burley Tobacco Society has completed all arrangements for the launching of the great pooling campaign under the ten-year plan and for the starting of the mammoth tobacco factory in which to manufacture the growers' tobacco.

At Lexington on Thursday, October 27, every tobacco grower, banker, merchant and every man, woman and child interested in the welfare of the tobacco elsewhere is invited to come and hear a full explanation of both the pooling contract and the proposition to start the tobacco factories.

These will be a host of the best speakers to be found in the state of Kentucky on hand to give the best oratory to be heard anywhere. It will be bigger and better than any political rally ever heard of. The reason for this statement is evident from the fact that at this meeting a full discussion of a proposition which is destined to be the greatest single element of progress in the entire State will be had.

The organization and establishment of a tobacco factory to handle the product of the Burley growers of this State cannot help but be one of the greatest movements in this or any other State.

The following list of local and out-of-town speakers have accepted an invitation to address the multitudes on this occasion: Col. John R. Allen, George B. Hunt, John Stucky, C. H. Berryman, Judge Charles Kerr, Wm. Worthington, J. Tandy Ellis, Joe W. Porter, George Hahn, Mat Walton, Col. Shelby, W. P. Kimball, John H. Flood, S. J. Roberts, Desha Brackinridge, J. Ed. Bassett, L. G. Cox, Wm. Tarekeld, Mayor John Skalm.

Also out-of-town speakers as follows:

W. A. Byron, L. H. Willis, M. H. Bourne, Wilson D. Draab, Senator W. O. Bradley, A. O. Stanley, A. M. Cox, Cynthia, J. M. Stevenson, Winchester, Robert Talbott, Paris, Dr. John A. Lewis, Georgetown, W. O. Davis, Versailles.

Senator Joseph W. Bailey, of Texas has also been invited to be present and may be one of the speakers.

## THEY ALL DEMAND IT

Cloverport, Like Every City And Town In The Union, Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies to-day that relieve, but do not cure. Doan's Kidney Pills have cured thousands. Here is proof:

Pleasant A. Scruggs, of 726 Hathaway St., Owensboro, Ky., says: "For two years I was afflicted with kidney trouble. I suffered severely from pains in the small of my back which were greatly aggravated when stooping or lifting. I could obtain no rest and consequently arose in the morning feeling so lame and tired that it was hard for me to get around. I felt languid and nervous and the least exertion tired me. Headaches and dizzy spells also added to my afflictions and I was annoyed by spots appearing before my eyes. The kidney secretions were too frequent in passage and caused me to arise at night. Hearing of Doan's Kidney Pills, I procured a box and in about a week I was relieved. I continued taking this remedy until I was completely cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### Living A Little Cheaper

According to Bradstreet's compilations there has been a slight decline in the average price of commodities, which means that the cost of living has been going down. In the month of September the index number, which is the measure toward which the statisticians work, declined from \$8.8191 to \$8.8065. Declines were most noticeable in hogs and all of the things which originate in pork, mackerel, textile products and metals. Advances were scored by cereals, beef, milk, eggs, butter, cheese, coffee, sugar, tea and rice. Thirty-seven articles were dearer in September, twenty-six were cheaper and forty-three showed no change.

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by all dealers.

### What Is Your Family Worth?

If your family is worth the best you can afford in house and food and clothes, is it not worth the best reading as well? And the best reading—best for boys and girls, best for men and women—is to be found in The Youth's Companion.

Of stories alone The Companion will print nearly 300 in 1912. With all the rest of the paper thrown in, and counting the glorious long serial stories, they cost the subscriber less than a cent apiece. Moreover, you will look long before you will find stories so varied and interesting—stories of coolness in the face of peril, strange adventures with creatures of the forest and the sea, moving stories of life's obscure heroisms, stories breezy with good-natured humor, quaint and curious character sketches.

Now is the time to subscribe, for you will receive free from the time your \$1.75 is received all the issues for the remaining weeks of 1911, containing the opening chapters of Ralph D. Paine's great serial story of the Boxer rebellion, "The Cross and the Dragon." And there is the gift of The Companion Calendar for 1912, "On the New England Coast," lithographed in ten colors and gold. Only \$1.75 now for the 52 weekly issues, but on January 1, 1912, the subscription price will be advanced to \$2.00.—THE YOUTH'S COMPANION, 144 Berkeley St., Boston, Mass., New Subscriptions Received at this Office.

We were glad to see Prof. Maxey, Principal of the Breckenridge County High School present at the farmer's institute. He wanted information on the science of farming so he could teach his pupils and instruct them on the right lines. There is no better work for teachers of this county than to take up this work. Prepare more boys for work on the farms and instill into their minds that there is more and better opportunities on the farm than in the cities and towns. Prof. Maxey should be encouraged in this work. Our soils in Breckenridge county are just as good as any in the State and can be made to double their production if only treated scientifically and in accordance with their necessity. President Taft, in his great speech before the National Conservation Congress at Kansas City, Mo., in speaking along this line said: "It is the business of the county, in so far as it can direct the matter, to furnish the means by which this economic force shall exert itself along lines of easiest and best increase of production."

Marshall Norton, the Democratic candidate for the Legislature is gaining ground as the election approaches. If all signs do not fail, he will be the representative of the people from this county this year. And well he should be, because he is young, active and studious. He is not running in the interest of any clique, nor will he be controlled by any of the political bosses. He is a young man, trying to build himself up among his home people, and their will shall be his will. His past record is clean and he stands solid on the Democratic platform.

C. L. Brington, the Prohibition candidate for Representative in this county, is out of the race. He failed to get his petition filed in time. The thing now for all Prohibitions to do, is to vote for Marshall Norton. He is a well-known temperance man and can be relied on to vote right on that question. It don't take an iron clad bond or pledge to make him stand for what he is and has been all his life—a temperate young man. You are taking no risk on Norton.

A farmer's institute was held at Irvington last week. It was conspicuous in the absence of farmers, the very men for whom it was held and who could have been benefitted had they been present. There were a few faithful ones present, good and successful farmers, but they were eager for more ideas and the better way of doing things. When will farmers learn that there is method and science in farming just as there is in other lines of human effort.

The season for basket-ball is now on and we wish that Cloverport would take hold of this exciting game. Hardinsburg has a team, and it seems like our 'port ought to keep up with the 'burg. The game is a splendid developer of wind and muscle and no better past-time could be found. Mr. Marion Weatherholt, we hope, will get his kid base-ball team interested in basket-ball.

Hon. W. J. Bryan will take a swing through Kentucky before the election, and what he may have to say to Kentucky Democrats will be more than interesting. Most everybody believes now that McCreary is a sure winner—by ten thousand majority and then some.

Judge Henry DeHaven Moorman, a young lawyer at Hardinsburg, is coming to the front. He seemed to be one of the busy attorneys there, during the term of the circuit court which has just closed.

This week's paper has many advertisements that contain valuable messages to business men and busy house-keepers.

Next Tuesday night is Halloween. If you don't watch out, the suffragists will get you.

## KENTUCKY SUNDAY SCHOOL ASSOCIATION

Has Glorious Meeting In Louisville At Warren Memorial Church—Plans On Foot To Erect Large Office Building There—Excellent Addresses Made.

### BRECKENRIDGE REPRESENTED

The Kentucky Sunday School Association met in Louisville from Thursday until Sunday night in the Warren Memorial church. This was the annual Convention and a great one.

Many plans were completed and several made and started. Preliminary steps were taken for the erection in Louisville of a \$100,000 office structure to be known as The Kentucky Sunday School Association Building.

The election of state officers was as follows: J. E. Weaver, president; Rev. Wm. T. Capers, of Lexington, vice-president; Clarence Watkins was re-elected treasurer and the Rev. Joplin was re-elected general secretary.

Excellent addresses were made. Among those who spoke were: Herman Bowman, of Versailles, Dr. Ira Landrith, president of Belmont College, Nashville, Tenn., J. Shreve Durham, of Chicago, and Miss Nannie Lee Frasier. The music was under the direction of E. O. Excell, with Alvin Roper as accompanist. "The Beautiful Isle of Somewhere" was a popular selection and "I Love to Tell The Story" was a favorite of the old songs.

### "The School That's Different."

People who live on the Henderson Route could take a profitable and pleasant trip if they would slip down to Evansville some Saturday night and go to "The School That's Different," the next morning. It is the Sunday School of the St. John's church. The

Rev. Mr. Dresel, pastor, told about the school at the convention in Louisville Friday.

He said when he went to Evansville four years ago that the Sunday School of St. John's church closed for the summer months. He had a little chat with the boys and girls in it and they decided to have a school that's different, so opened it for the summer. They also made a rule, and kept it, to be on time. Mr. Dresel said one day he was telling his Sunday School chaps about his birthday and that he arrived one Sunday morning at nine o'clock at his home in Louisville. A boy jumped up and spoke quickly. "Now, Mr. Dresel that's one time you were not washed and dressed on time for Sunday School."

Mr. Dresel said that 1000 members are enrolled and 600 attend every Sunday and all the members have made the school different by keeping the Sabbath Holy.

Not long ago a request was made for a piano. "What kind must we get was the question." The school answered back, "One that's different." It is a baby grand piano—a three legged instrument and cost a thousand dollars. Mr. Dresel said, "The boys and girls have paid for it and not a supper nor entertainment did they give." This brought a great applause.

Mr. Dresel said that the young men of "The Sunday School That's Different" have their basket ball teams and won so many pennants that a bouquet was given them. His address was practical, appealing to the young blood of the convention. "Do things, quit dreaming," said Mr. Dresel. He is a large man of strong personality.

### Reaching The People.

J. Shreve Durham, of Chicago, set forth a thought that became the slogan of the convention when he said: "To save the people you must teach them, to teach them you must reach them." He told the story of a lost child who did not know her name nor her parents' name. She said: "If you will take me to my Sunday School, I can show you the way to my home." This he used as an illustration of the fact that the way to save lost people is through the Sunday School.

Miss Myrtle Elder is very ill at the home of her brother-in-law, Mr. Jas. Beavin in this city. Miss Jenevieve Elder is ill at her home near Hardinsburg. The young women are suffering of tuberculosis.

Mr. and Mrs. DuRelle Fairleigh and children, Joyce, George and William, of St. Louis, arrived in Louisville Friday evening for a visit to relatives. Mr. Fairleigh left Monday for a business trip south-west.

Among those who attended the Jarboe-Ramp wedding were: Mr. and Mrs. Ramp, parents of the groom; Mrs. Morris Beard, Mrs. John Kincheloe, Mrs. Joe Harpole and daughter, Margaret Moorman, of Louisville, and Mrs. Chas. Moorman, of Versailles.

Miss Forrie Hardin gave a glorious party at her home at Holt Sunday. Turkey with several other courses were served at the dinner hour after which a delightful drive through the country was given the guests. Those who enjoyed the event were: Mr. and Mrs. Leonard Oelze, Mr. and Mrs. Randall and their guest, Mrs. Lighter, of Louisville, Mrs. Emma Skillman, Dr. Forrest Lightfoot and Mrs. Lightfoot.

### WOMEN WHO VOTE AND WANT TO VOTE

Have Forty-Third Annual Convention in Louisville--City Alive With Suffragists--Mrs. Paukhurst, of England, Speaks To Large Audience.

#### DR. ANNA SHAW PRESENT

The forty-third annual convention of the National American Women's Suffrage Association has been in session in Louisville since Friday. Last night Mrs. Paukhurst, of England, addressed the convention.

The noted speakers have been: Dr. Anna Howard Shaw, a Methodist minister, Jane Adams, of Chicago, and Dr. Harvey Wiley, of Washington, D. C. Louisville was completely excited over the suffrage convention. Some of the richest and most fashionable women of the city were taking part in the convention.

#### HOW WE FEED HOGS

By W. J. Owen & Sons

We realize that every man who feeds hogs has his own ideas about feeding and we have no quarrel with others who feed differently, but submit our way and it is not patented and this being a short year, feeders will be interested in getting most pounds for least amount of feed.

First, we consider pasture of some kind important and especially winter forage crops, such as wheat, rye and clover. In summer and fall we depend

on grass, rape and cow peas.

We used to feed whole corn but this summer we began grinding all our feed using a mixture of ground wheat, ground corn and shipstuf mixed one-third of each, or if wheat is not to be had use two parts wheat middlings to one part of ground corn and mix into a reasonably thin slop and feed just what hogs can clean up, better too little than too much, and especially feed this to brood sows and young pigs.

We find this method of feeding especially good where stock food or any medical agent is used.

We believe any fair minded man who will feed ground feed long enough will never again feed much whole corn as the extra gain and saving in feed will more than pay for grinding and extra trouble. We have our feed ground on a local gasoline mill at a cost of 6 cents a bushel, but many people have mills that will do the grinding at home.

Where oats are to be had we consider them ground with other feeds a valuable addition.

We have stated nothing new about feeding, but we know many farmers who feed whole corn thrown out on the ground and if the hog does well or ill it is all the same, but the hog is by nature a clean animal as to diet and he appreciates clean water and clean food as much as any animal and will more readily respond to good treatment than most any of the farm animals.

## Queen Mary Wears \$30 Dresses

ENGLAND has an unfashionable queen. While King George affects the latest modes, the tastes of his queen in matters of dress are those of a thrifty housewife with little to spare on personal adornment. Her hats as well as her gowns are unostentatious.

Some of the more simple dresses in her majesty's wardrobe cost not more than the equivalent of \$30. That is not to say that they are made of cheap material. On the contrary, the queen always insists that no matter how low priced the dress supplied to her it must contain no imitation material. Everything must be the best of its kind.

Usually Queen Mary orders several gowns at the same time in order that she may not waste time. Word is sent to the establishment she intends to patronize telling the manager that the queen will call at such and such a time on such and such a day. A general description of the kind of gowns she would like to purchase accompanies the notification. The manager must provide a private room in which to receive her majesty, and a number of gowns such as he thinks will meet with her favor are paraded before her on a living model.

Queen Mary has decided tastes of her own in matters of dress, and she seldom orders an exact copy of any of the models shown to her. There is always some modification required, and she gives the most minute directions, which are taken down and submitted in writing for her approval, so that there may be no mistake.

In some cases dressmakers are commanded to call at Buckingham palace with a selection of model gowns, but as a rule Queen Mary prefers to call at the shops. The "fittings" are always done at Buckingham palace, and the queen makes it very plain that she does not want to give more than one fitting for each gown. That means that the modiste must use every care that little or no alteration is necessary.

## CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Granville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Granville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

sary. Frequently the dresses made for Queen Mary are trimmed with priceless lace and embroidery supplied from the collection at Buckingham palace. In such cases after the gowns have served their purpose the trimmings are removed to do service again. In no case are these trimmings sold with the dresses.

Queen Mary has been known to wear the same dress as many as twenty-five times. On an average dresses remain in the royal wardrobe about six months, and during that time they are worn probably eighteen times each, although the frequency of their use varies a great deal, according to the nature of their material and style, and thus a walking dress would be worn more often than an evening gown.

The clothes of the queen are in charge of a dressing maid and two assistants, called dressers, and are kept in a great apartment adjoining the queen's bedchamber, known as the roberoom. The walls are lined with enormous wardrobes, some containing the state robes and others her majesty's ordinary gowns and dresses.

One of the ladies of the bedchamber sends a card in the evening to the dressing maid, giving particulars of the dresses that will be worn by the queen on the following day. After each dress is entered the hour at which it must be ready and laid out in the dressing room. The system is simplified by the numbering of every costume in her majesty's extensive wardrobe, and any reference to them is made by number.

Twice a year Queen Mary personally goes over her wardrobe and throws out the dresses she no longer wishes to retain. Those discarded are disposed of in two ways; a small number are given to the dressing mistress and her assistants, but the great majority are sold to a dress agency.

The selling of the queen's old dresses is conducted by the dressing mistress who is given the widest discretion in the matter. There is one condition however, that is always insisted upon—under no circumstances are the dresses of the queen to be resold in England by the agency buying them.

COLUMBUS MEMORIAL WILL BE OF MARBLE.

Sculptural Features Designed by a Cousin of President Taft.

The Columbus memorial to be erected on the plaza directly in front of the main entrance to the Union station at Washington will be unique among such structures in the national capital in that it will be composed almost entirely of pure white marble. All the sculptural work will be of that material. That includes the heroic statue of Columbus, the two figures of ancient and modern American inhabitants, the shaft which forms the background of the statue, the globe and two eagles which surmount the shaft, the carvel on which the statue stands and its allegorical figurehead, the two lions which decorate the ends of the semicircular fountain which provides a setting for the statue and the superstructure of the fountain basin. With two exceptions all the numerous statues erected in the public parks in the District are made of bronze or similar cast material. The exceptions are the naval monument at

Pennsylvania avenue and First street northwest and the statue of Benjamin Franklin, located just off Pennsylvania avenue, near Tenth street, which is made of granite.

Situated on the axis of Delaware avenue, the Columbus memorial will be at the head of a short vista looking from the capitol. It was designed by D. H. Burnham of Chicago, who designed the Union station, and is in entire harmony with the architecture of that structure.

The statue of Columbus and all the accompanying sculptural features were designed by Lorado Taft of Ohio, a cousin of President Taft. His designs were selected after a general competition among artists of Europe and the United States.

Colonel Cosby, the officer in charge of public buildings and grounds, who is executive officer of the commission charged with the erection of the memorial, has just made a contract with a New York firm for the construction of the memorial complete at its bid of \$70,000. This work embraces the carving and erection of all the sculptural pieces, the building of the fountain and main shaft, the building of the foundation and all of the plumbing and drainage work. All the carving is to be done by well known sculptors under the supervision of Mr. Taft, the designer. It is provided in the contract that the memorial shall be constructed of Cherokee marble quarried in Georgia and that the entire work shall be completed by May 1 next, so as to permit of its formal dedication in that month.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

STORIES OF ROSSINI.

His Dread of Thirteen and Friday and a Coincidence.

Rossini had scant patience with amateur composers. One such once accompanied the manuscript of his latest composition with a Stilton cheese, of which he knew Rossini to be fond. He hoped of course to have a letter praising his work. A letter came, but all it said was: "Thanks. I like the cheese very much."

When Rossini was rehearsing one of his operas in a small theater in Italy

he noticed that the horn was out of tune.

"Who is that playing the horn in such an unholy way?" he demanded.

"It is I," said a tremulous voice.

"Ah, it is you, is it? Well, go right home." It was his own father.

Rossini's whimsicality extended even to his birthday. Having been born on Feb. 29, in leap year, he had of course a birthday only once in four years, and when he was seventy-two he facetiously invited his friends to celebrate his eighteenth birthday.

All his life he had a dread of the number thirteen, as well as of Fridays. He never would invite more than twelve to dinner, and once when he had fourteen he made sure of an understudy who would, at a moment's notice, have been ready to come should one guest have missed. And, though this was a double superstition, he died on Friday, Nov. 13.—New York Sun.

"EMPIRE BUILDER OF FUTURE"

American Better Adapted to Colonization Than Others.

"Young man, do not cross the Atlantic in search of wealth. Do not think that energy alone, as in America, will win success for you in Europe. The supply is greater than the demand."

This was the comment of Harry G. Selfridge, American owner of a department store in London, who has come home for a brief visit, when asked if England would be a good place for a hustling young American to try his fortune.

"Every month scores of British boys seek my advice on this subject, and I invariably tell them to get out of Europe," said Mr. Selfridge. "I would say the same thing to the American. It is no place for the small manufacturer, the small merchant or the man who wants a job. Without a large and strong organization he cannot hope for much success."

The American belongs in the new country. He will be the empire builder of the future. When he does begin colonization in earnest he will realize that he is better adapted to succeed than the man of any other nation. He is the best of all 'mixers.'"

COST OF CHEOPS PYRAMID.

It Could Not Be Duplicated Today For  
Less Than \$100,000,000.

One of the most familiar questions  
asked by "personally conducted" tour-  
ists visiting Europe and the great py-  
ramid built by Cheops is, "I wonder  
how much it  
cost to build?"

A building  
contractor with a  
head for figures  
and building es-  
timates has es-  
timated that the  
Cheops pyramid  
could not be  
duplicated today for less than \$100,000,000.

With modern machinery  
and the employment of 40,000 stonecutters,  
handlers, quarrymen, masons and la-  
borers a duplicate of the pyramid  
could be erected in two years. It has  
been calculated that the work really  
required the services of 100,000 men  
for thirty years.

The Cheops pyramid occupies a  
space of twelve and three-quarter  
acres, is 746 feet high and contains  
143,315,000 cubic yards of stone and  
granite. The material alone represents  
no item of \$35,000,000, while the labor  
would increase this amount by \$72,000,000.  
To this must be added \$3,000,000 for  
tools, transportation and similar items.  
The pyramid is built on a solid rock 150 feet deep, and to  
build a foundation of this character  
would add to the cost to the extent of  
making the total of \$100,000,000.

You are not experimenting on your-  
self when you take Chamberlain's Cough  
Remedy for a cold, as that preparation  
has won its great reputation and exten-  
sive sale by its remarkable cures of  
colds, and can always be depended upon.  
It is equally valuable for adults  
and children and may be given to young  
children with implicit confidence as it  
contains no harmful drug. Sold by all  
dealers.

Science Finds a Poison of Sleep.  
Considerable discussion has arisen  
in scientific circles over the experi-  
ments of MM. Legendre and Meron in  
Paris, who have discovered that  
the real reason why we go to  
sleep is because our brain has  
been actually poisoned. Sleep,  
they declare, is produced through  
a morbid change in the cells of the  
frontal lobe of the brain. They discov-  
ered a dog that died of insomnia and  
injected some of the serum of its  
brain into another dog, thereby caus-  
ing it to fall into a deep sleep, from  
which it subsequently awakened in a  
perfectly healthy condition. From this  
and similar experiments they assert  
that sleep is due to a natural poison.  
The poison of sleep, they contend, is  
in fact an antidote for the poisons that  
are the byproducts of every mental  
and physical action of our lives, and  
we awake from sleep when it has  
cleansed our higher nervous centers  
of the poisons that our daily toil has  
produced.

### ROBERT LAIRD BORDEN.

Something of the Career of the New  
Prime Minister of Canada.

Robert Laird Borden, Canada's new  
prime minister, is of Yankee ancestry.  
His family came originally from Con-  
necticut. His members were, however,  
loyal to the English cause during the  
Revolution. He is the only Conserva-  
tive member of a family that has al-  
ways been strongly Liberal. His court-  
ly presence, pleasing platform man-  
ners and clear, incisive style of ad-  
dress have made him an effective lead-  
er of his adopted party.

Mr. Borden is now fifty-seven years  
old. Five years before he assumed  
the leadership in 1901 he had never  
been heard of in public life. In 1890

R. L. BORDEN.

he was elected Conservative member  
for Halifax. He went to Ottawa with  
the reputation of being one of the  
ablest lawyers in Nova Scotia. He  
soon became a leader in debate. By  
the close of parliament he was promi-  
nent in the opposition. Then the gen-  
eral elections played havoc with those  
who outranked him in service, and he  
soon found himself thrust from com-  
parative obscurity to the forefront of  
his party.

Mrs. Borden was Miss Laura Bond  
of Halifax, a member of a fine old  
English family. Her magnetic per-  
sonality, tact and political knowledge  
have been of vast assistance to her  
husband during the difficult years he  
has led the opposition. She entertains  
charmingly and extensively during the  
season and is an enthusiastic member

### FR. SHERMAN BREAKS DOWN.

Noted Jesuit, Son of General Sherman,  
Goes to Sanitarium.

Father Thomas Ewing Sherman, S. J.,  
eldest son of General Sherman, has  
sought refuge in a sanitarium at San  
Jose, Cal.

Father Sherman created a sensation  
when he tried to go over the ground of  
his father's famous march to the sea.  
He had a military escort and was  
stopped in Georgia. President Roose-  
velt then withdrew the escort.

As a young man Tom Sherman was  
one of the most dazzling and popular  
youths in Washington. He graduated  
from the Jesuit college at Georgetown  
and was to have become a politician  
under his uncle, the Ohio senator.  
Suddenly he made up his mind to be-  
come a Jesuit.

"Don's Ointment cured me of eczema  
that had annoyed me a long time. The  
cure was permanent."—Hon. S. W.  
Matthews, Commissioner Labor Statis-  
tics, Augusta, Me.

### An Unforeseen Calamity.

In his own mind Abel Sanitaders was  
a man marked out by destiny for mis-  
fortune; in the minds of his neighbors  
it was a wonder that such a shiftless  
man got on as well as Abel did.

When he appeared at the door of the  
resident who had ordered a dozen eggs  
the night before he unfolded a much  
rumpled paper and took from it four  
eggs.

"That's all there is left of what I  
started with," he said lugubriously.  
"If I had been anybody but me they'd  
've got here all right. But the four  
little holes that was in the bottom o'  
the bag—I saw 'em, but there wa'n't  
any one of 'em half big enough for an  
egg to come through—If they didn't  
all join together when I was most over  
here! If I hadn't 've been as spry as  
a man like me has to learn to be I  
couldn't have saved ye a single egg!"—

## Rheumatic Pains quickly relieved

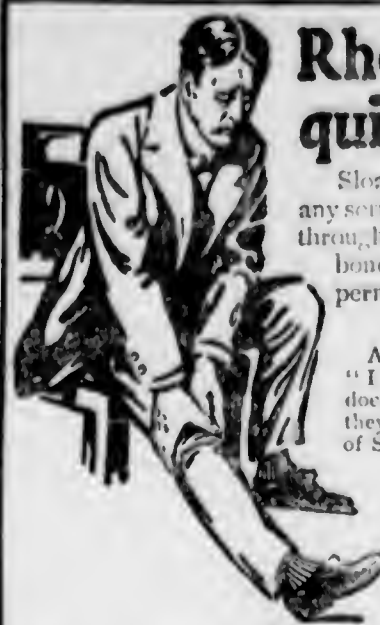

Sloan's Liniment is good for pain of  
any sort. It penetrates, without rubbing,  
through the muscular tissue right to the  
bone—relieves the congestion and gives  
permanent as well as temporary relief.

### Here's Proof.

A. W. LAY of Lafayette, Ala., writes:—  
"I had rheumatism for five years. I tried  
doctors and several different remedies but  
they did not help me. I obtained a bottle  
of Sloan's Liniment which did me so much  
good that I would not do without it  
for anything."

THOMAS L. RICE of Easton, Pa.,  
writes: "I have used Sloan's Liniment  
and find it first-class for rheu-  
matic pains."

Mr. G. G. JONES of Baldwin, L. I.,  
writes:—"I have found Sloan's Liniment  
to be a great relief to my rheumatism  
caused by a fall, and to my great satisfaction I was able to resume  
my duties in less than three weeks after the accident."

moment par excellence. I have used it for broken sinews above the knee  
cap caused by a fall, and to my great satisfaction I was able to resume  
my duties in less than three weeks after the accident."

## SLOAN'S LINIMENT
